Memorandum of Understanding (MoU)

Between BinX Tech & IEEE Student Branch – Birzeit University

Date: April 2026

This Memorandum of Understanding (hereinafter referred to as the "Agreement") is entered into by and between:

BinX Tech, a technology-oriented company specialized in Programming, Information Technology, Artificial Intelligence, and Scientific Research, duly established and operating in Palestine (hereinafter referred to as "BinX Tech"),

AND

IEEE Student Branch – Birzeit University, represented by its authorized representatives (hereinafter referred to as "IEEE Birzeit").

BinX Tech and IEEE Birzeit may hereinafter be referred to individually as a "Party" and collectively as the "Parties".

Article 1: Purpose of the Agreement

The purpose of this Agreement is to establish a structured framework for cooperation between BinX Tech and IEEE Birzeit with the aim of supporting university students in the fields of programming, IT, artificial intelligence, scientific research, entrepreneurship, and career readiness. This cooperation seeks to enhance students' technical, research, and practical skills through training, consultation, and project incubation.

Article 2: Scope of Cooperation

The cooperation under this Agreement shall include, but is not limited to, the following areas:

1. Training courses and workshops (free and paid).
2. Technical and academic consultations for students.

3.Incubation and mentorship of selected student projects.
4.Student community building through events, competitions, and technical activities.
5.Career preparation and professional skill development.

Article 3: Commitments of BinX Tech

During the validity period of this Agreement, BinX Tech commits to providing the following services to IEEE Birzeit students:

3.1 Project Incubation

- BinX Tech shall open a project application form through IEEE Birzeit.
- Eligible students shall apply through the official form announced by IEEE Birzeit. BinX Tech shall
- select two (2) student projects to be incubated within its Incubator program.
- Incubated projects shall receive technical guidance, mentoring, and advisory support in areas including but not limited to:
  - Technical implementation
  - Project architecture and development
  - Marketing and business model guidance
  - Practical execution support, if the students choose to implement the project in realworld scenarios

3.2 Free Consultations

- BinX Tech shall provide five (5) free consultations during the agreement period.
- Consultations may cover topics such as:
  - Programming and software development
  - Artificial intelligence and data science
  - Scientific research methodologies
  - Graduation projects
  - Career guidance and technical problem-solving
- Each consultation shall be subject to prior scheduling and coordination between the Parties.

3.3 Workshops and Training Sessions

- BinX Tech shall deliver four (4) specialized workshops during the agreement period.
- Workshop topics may include, but are not limited to:

  a.Artificial Intelligence and its practical applications

  b.Scientific Research methodologies and tools

c.Career preparation, employability skills, and job readiness

d.Building, managing, and deploying technical projects

- Workshops may be conducted online or on-site, subject to mutual agreement.

3.4 Discounts on Courses

- IEEE Birzeit students shall receive special discounts on paid courses offered by BinX Tech. The discount
- percentage shall be determined by BinX Tech based on:
  - The type of course
  - Course duration and content
  - Operational and instructional costs
- Discount details shall be announced clearly prior to course registration.

Article 4: Commitments of IEEE Birzeit

IEEE Birzeit commits to the following:

1. Officially announcing BinX Tech programs, workshops, consultations, and opportunities to its members.
2. Managing and supervising the student application process for project incubation in coordination with BinX Tech.
3. Providing appropriate venues or logistical support for on-campus workshops, when applicable.
4. Ensuring active student participation and professional conduct during all joint activities.
5. Assigning a focal point or coordinator to facilitate communication with BinX Tech.

Article 5: BinX Club and Student Community Engagement

BinX Tech shall, through its initiative BinX Club, support student engagement by:

- Encouraging IEEE Birzeit students to participate in free technical events, competitions, and programming workshops.
- Facilitating collaboration between students from different Palestinian universities. Supporting student
- communities in the fields of Computer Engineering, Computer Science, Artificial Intelligence, and Mechatronics.

Participation in BinX Club activities shall remain voluntary and subject to internal policies of both Parties.

Article 6: Duration of the Agreement

This Agreement shall be valid for a period of one (1) year, commencing from the date of signature by both Parties.

The Agreement may be renewed upon mutual written consent of both Parties.

Article 7: Financial Terms

1. This Agreement does not impose any financial obligations on either Party unless otherwise agreed upon in writing.
2. Free and paid services shall be clearly specified prior to implementation.
3. Any additional financial arrangements shall be governed by separate written agreements.

Article 8: Intellectual Property Rights

1. All intellectual property rights related to student projects shall remain the property of the students unless otherwise agreed in writing.
2. BinX Tech shall not claim ownership of student projects solely based on mentorship or incubation services.
3. Any joint intellectual property shall be subject to a separate written agreement.

Article 9: Confidentiality

Both Parties agree to maintain the confidentiality of any non-public, sensitive, or proprietary information exchanged during the execution of this Agreement, unless disclosure is required by law or mutually agreed upon in writing.

Article 10: Limitation of Liability

Neither Party shall be held liable for indirect, incidental, or consequential damages arising from activities conducted under this Agreement.

Article 11: Termination

1. Either Party may terminate this Agreement by providing written notice at least thirty (30) days in advance.
2. Termination shall not affect ongoing activities unless otherwise mutually agreed.

Article 12: Amendments

Any amendments or modifications to this Agreement shall be valid only if made in writing and signed by authorized representatives of both Parties.

Article 13: Governing Law

This Agreement shall be governed and interpreted in accordance with the applicable laws of Palestine.

Article 14: Signatures

This Agreement is executed in two original copies, each Party retaining one copy.
